

# Fero

## Wooden relax chair

**07579** The Fero relax chair with castors, is equipped with a relax mechanism that has been especially developed for the care sector.

The Classic mechanism can be easily adjusted by pushing yourself off a little from the chair, and this without using any levers.

### Support

- 4 beech laminated legs, connected to each other by means of solid beech support beams.
- 2 beech laminated armrests.
- Glued mortise and tenon joint.
- The sides are firmly connected to each other by means of a solid beech cross beam and a metal frame.
- The ergonomic front design of the armrests makes it easy to stand up or sit down.
- Comfortable rounded armrests of  $\pm 7,5$  cm.
- Standard equipped with a dinner tray attachment.
- All edges and corners have been rounded.
- Four design twin castors  $\varnothing$  100 mm with separate brakes.

### Seat

- Removable seat, made of a melaminated MDF board of 12 mm.
- Upholstered with fire-retardant foam in 2 different density zones to guarantee an optimal seat comfort.
- The rounded seat in front stimulates a fluent blood circulation.
- Comfortable seat height of 47,5 cm.
- The upholstery is finished with imitation leather and decorative stitching.

### Backrest

- Made of an ergonomically preformed plywood shell of 12 mm.
- Upholstered with fire-retardant in 3 different density zones to guarantee an excellent seat comfort.
- Equipped with an adjustable and removable head/neck cushion.
- The upholstery is finished with imitation leather and decorative stitching.
- Metal push bar at the back.

### Legrest

- Made of a plywood board of 10 mm, upholstered with fire-retardant foam and finished with imitation leather.

### Classic mechanism:

- Easy adjustment in 3 positions, i.e. seat position, reading position, and relax position.
- The relax mechanism first raises the legs, after which it is possible to further incline the entire chair.
- Easy to adjust by just pushing yourself off a little, without needing a lever.
- Guaranteed optimal seat comfort in every position: when the chair is reclined, the angle between the backrest and the seat remains constant.
- Optimal leg support, thanks to the telescopic legrest.
- When the chair is put in the seat position, the legrest is turned inwards so that you can stand up without any problem.

### Colours

We would like to refer to our extensive colour gamut.  
Sample card + samples available on request.

### Accessories

We would like to refer to our  
accessory list.
