

Talo rest chair

14184 The Talo chair is a comfortable and well-designed chair. The different foam density zones guarantee an excellent seat comfort.

Support

- The support is made of 2 solid beech sides, connected to each other by means of a solid beech cross beam.
- The side parts are connected to each other by means of a glued mortise and tenon joint.
- The sides are firmly connected to each other by means of a solid beech cross beam and a metal frame.
- The ergonomic design of the armrests makes it easy to stand up or sit down.
- Comfortable rounded armrests of ± 7 cm.
- All edges and corners have been rounded.
- The legs are equipped with synthetic glides.

Seat

- Removable seat, made of a melaminated MDF board of 12 mm.
- The rounded seat in front stimulates a fluent blood circulation.
- Comfortable seat height of 47 cm.
- Upholstered with fire-retardant foam in 2 different density zones to guarantee an excellent seat comfort.
- The upholstery is finished with imitation leather and decorative stitching.

Backrest

- Made of an ergonomically preformed plywood shell of 12 mm.
- Upholstered with fire-retardant foam in 3 different density zones to guarantee an excellent seat comfort.
- The upholstery is finished with imitation leather and decorative stitching.
