

# Talo Classic with castors

**12901** The Talo Classic with castors is a comfortable and well-designed relax chair. The Classic mechanism can be easily adjusted by pushing yourself off a little from the chair, and this without using any levers.

## Support

- The support is made of 2 solid beech sides, connected to each other by means of a solid beech cross beam.
- The side parts are connected to each other by means of a glued mortise and tenon joint.
- The sides are firmly connected to each other by means of a solid beech cross beam and a metal frame.
- The ergonomic design of the armrests makes it easy to stand up or sit down.
- Comfortable rounded armrests of  $\pm 7$  cm.
- All edges and corners have been rounded.
- Four design twin castors  $\varnothing$  100 mm with separate brakes.

## Seat

- Removable seat, made of a melaminated MDF board of 12 mm.
- The rounded seat in front stimulates a fluent blood circulation.
- Comfortable seat height of 47 cm.
- Upholstered with fire-retardant foam in 2 different density zones to guarantee an excellent seat comfort.
- The upholstery is finished with imitation leather and decorative stitching.

## Backrest

- Made of an ergonomically preformed plywood shell of 12 mm.
- Upholstered with fire-retardant foam in 3 different density zones to guarantee an excellent seat comfort.
- The upholstery is finished with imitation leather and decorative stitching.
- Equipped with an adjustable and removable head/neck cushion.
- Large, ergonomic push bar made of synthetic material at the back.

## Legrest

- Made of a plywood board of 10 mm.
- Upholstered with fire-retardant foam and finished with imitation leather.

## Classic mechanism

- 3 positions: seat position, reading position, and a relax position.
- The relax mechanism first raises the legs, after which it is possible to further incline the entire chair.
- Easy to adjust by pushing yourself off a little.
- Adjustable without needing a lever.
- Guaranteed optimal seat comfort in every position: when the chair is reclined, the angle between the backrest and seat remains constant.
- Optimal leg support, thanks to the telescopic legrest.
- When the chair is put in the seat position, the legrest is turned inwards so that you can stand up without any problem.

## Colours

We would like to refer to our extensive colour gamut.  
Sample card + samples available on request.
